Sensi SmartYield Updates/Progress | 04.14 - 04.21

Of the various tasks completed this week, the Sensi Development Team has focused mainly on these improvements/developments listed below:

- Criticize Lev for losing his spot on the leaderboard! (Week 2)
- Disburse giveaway prizes to winners
- Further integration and code updates for compatibility with PCSv3
- Additional function development and integration
- Update calculated ratio between SY and PCS in the mint function
- Finalize initial farm deposit/split strategies
- Further contract testing
- Implement and develop new algorithms for compatibility with PCSv3

This concludes Edition Thirty Five of the Sensi Weekly Update. We hope that this update has found you well, and we look forward to seeing you again next week! We wish you all a great rest of your week/weekend!
