Sensi SmartYield Updates/Progress | 05.05 - 05.12

For this week, below is the current workflow/agenda for the Sensi Development Team. This week's agenda is more or less a continuance of last week's work, as highlighted below as a refresher.

- Continued gas fee optimizations
- Continued pool fee optimizations
- Continued contract testing
- Continued implementation and development of new algorithms for compatibility with PCSv3.
- Rebalance function testing
- Farm vault creation + depositing
- Begin whitepaper updates/copy/revisions/rework/redesign

This concludes Edition Thirty Eight of the Sensi Weekly Update. We hope that this update has found you well, and look forward to seeing you again next week!
